Subject: Docket # 05-44481 (RDO)
(Delphi severance)

I would like to object to the termination of severance for the Delphi severance work force. This is the June 1, 2009 Master Disposition Agreement, article 9.5.11.

After thirty plus years with GM/Delphi it is devastating to now find that the monies I had counted on for retirement could be eliminated or reduced. Please think about the individuals and prevent this from happening.

Sincerely,
Charles Adams
